Dear Jack -

I suppose this is my V-E day letter; at least they are telling us that that is what today is, over the radio. I don't know that there is much to be said, that I can say; I thought you might just care to hear from us today. I did the same thing 11 long months again on D-Day.

As you can see from the address, I've moved up here to Bard Hall, to be nearer to school, and because living with a couple of new lyweds is practically living alone. This is only a block or two from your old place, which I remember well. When you're all home, ye 4 Chuckle-bunnies will have to meet some place, like Hartsdale, loaf, and swap yarns for a week. Whatever the set up, I'm sure that if they let R.M. loose in that chem. lab he'll have the Japanese problem blown up in a week. Now's where we see what our economic future is going to be like; this interim of reconversion is going to be crucial. Well,

be seeing you,

Joshua.
