OFFICE OF THE PRESIDENT

Josh
Thanks for all the paper.

Falkow receives about 30% of the vote on the Informal Ballot less on the Formal but the voting is concentrated on the top candidates.

Unless someone like Stan Cohen who nominated him, lobbies with the section, little can be done.

Next year I'll be able to remove from the ballot S old line geneticists and he might have a better chance.

Norton

P.S. If you'd like to see the letters for R. Roeder let me know
