January 18, 1978

Dear Josh,

I wish to extend my congratulations and warm best wishes on your election as President of The Rockefeller University. As you have already come to know, this a unique and wonderful institution, and you will undoubtedly find it an extraordinarily challenging and gratifying experience to bring your exceptional talents and energy to bear for the benefit of the University.

If I can be of help at any time, I shall be very pleased to do so.

Sincerely,
Purnell Choppin
