Capt. Hughes

FEB 6 1985 CEP

Dear Mike

Unhappily the March 5-6 dates are just impossible for me.

I am particularly sorry to miss the chance to visit the Command Centre & the SSN's. I have always felt the need to have the personal experience of building at least samples of the hardware and software with which I engage at other levels; and if not build, at least lay hands on.

If alternative opportunities occur to you, I would be most appreciative were you to remember them.

On the 5th I have a fixed campus engagement the evening; the 6th is the DSB - CW task force wrapping up its report, and a public lecture at G. Mason univ.

The week of Oct 1 - my Rec Board meets on Oct. 3; I'll try to keep other dates open.

I know the unfeasibility of constraining CNO's schedule; needless the say the more advance notice I can have the more likely the time will be clear.

Am I on the Spec. Warfare TF?

Yours,

Jim.
